No Show Policy

Lexington Family Practice Otarre Pointe would like to improve scheduling opportunities and encourage patients to call and cancel their appointments in a reasonable amount of time, which would allow for better use of patient, staff and physician time. When you schedule an appointment, we set aside enough time for the physicians to provide you with the highest quality of care.

Patients that do not show up for a scheduled appointment, and who have not contacted our office to cancel, will be considered a No Show. After you have No Showed **three** appointments within a 12 month period, it may result in being discharged from our practice.

This policy is very important and we appreciate your understanding.

I, _____, have reviewed the above No Show Policy.
